

## Nissan Patrol Flywheel Replacement

Ref: TN057

Issue date: 03 May 2012

Issue number: 2

The Y61 GU Nissan Patrol with ZD30DDti engine over a period of time utilized both an EXEDY and LUK Dual Mass Flywheel.

It is important to note that these flywheels are not interchangeable as the crank bolt length varies between the two flywheels. Failure to reinstall the appropriate Single Mass or Dual Mass flywheel will result in significant damage to the clutch, flywheel and or crank bolts.

- Clutch kits applicable to long bolt (Overall length 76mm)
  - NSK-7700 & NSK-7700DMF
  - NSK-7699 & NSK-7699SMF
- Clutch kits applicable to short bolt (Overall length 70mm)
  - NSK-7235, NSK-7235DMF & NSK-7235SMF
