

Subaru Forester/Impreza WRX/Liberty/Legacy - Wide Angle Damper (WAD) clutch disc installation

Ref: TN046

Issue date: 16 Nov 2010

Issue number: 1

IMPORTANT NOTE: FJK-7853

Subaru Forester/Impreza WRX/Liberty/Legacy
build date - August 2001 on

The clutch plate in this kit is a Wide Angle Damper (WAD) type and care must be taken to check that the clutch disc damper (flywheel side) does not foul/interfere with the heads of the crankshaft bolts or, flywheel bore.

Should the clutch plate fouls on the flywheel, use alternative clutch kit FJK-7123 (*note: non-WAD type clutch plates are fitted to vehicles built prior to August 2001*).
