

CAUTION

The flywheel recess must be checked prior to installation of this clutch kit. Please refer to the flywheel specifications below to ensure the correct kit is being fitted to this vehicle.

Whilst these clutch kits look similar, they are not interchangeable. Failure to check this specification prior to installation may result in unsatisfactory clutch operation or clutch failure.

FMK-8639 = -25.4mm Flywheel Recess

FMK-8750 = -23.0mm Flywheel Recess
