

Hyundai H1 iLoad / iMax

100-125 kw 2.5ltr D4CB Intercooled Turbo Diesel Engine

Designed as a direct replacement for both 5 and 6 speed original dual mass flywheel systems used in Hyundai TQ series iLoad and iMax applications, the new EXEDY HYK-9079SMF (including single mass flywheel) has been engineered to provide the smooth engagement and the durability necessary to deliver time and time again.

Note: HYK-9079SMF directly replaces 5 speed only conversion HYK-8274SMF when used as a complete matched set.

HYK-9079SMF
