Issue number: 2

Nissan GU Patrol ZD30 3.0 Ltr Turbo Diesel.

Holden 3.0 Ltr Turbo Diesel Jackaroo

When replacing the dual mass flywheel with a solid steel unit, the original ring gear must be removed by tapping or pressing it from the dual mass flywheel.

The ring gear should be cleaned and relocated on the solid flywheel using the heat shrink procedure.

Note - It is not necessary to reuse the spacer under the bolt heads.
